Mojokerto, East Java, Indonesia | Open to Work: On-site · Hybrid · Remote

PROFESSIONAL SUMMARY

IT Support Specialist with **over 5 years of experience** managing IT infrastructure, networks, and supporting devices in manufacturing and multinational agribusiness environments. Proven track record of improving ticket resolution SLA by **20%** and reducing recurring ticket volume by **15%** through a Knowledge Base. Experienced in managing networks (Cisco, Mikrotik, Ubiquiti), Fiber Optic, CCTV, servers, and Active Directory, backed by a Bachelor of Information Systems degree (GPA 3.57/4.00).

WORK EXPERIENCE

Hardware Operation and Service Engineer
Oct 2026 – Present

PT. Motasa Indonesia — Mojokerto, East Java *Contract · On-site*

- **Hardware & Device Support:** Installation, configuration, maintenance, and troubleshooting of PCs, laptops, tablets, smartphones, plus printers and UPS units.
- **Network Infrastructure:** Managing installation, configuration, and maintenance of LAN, Fiber Optic, CCTV, Access Control, and Telephony/PABX systems.
- **Technical Design & Safety Systems:** Design work and operational documentation using Microsoft Visio; overseeing basic workplace safety system operations, including Fire Alarm maintenance.
- **User Support & Coordination:** Main point of contact for employees, responding to, documenting, and resolving technical issues quickly and efficiently.

IT Support Specialist
Jan 2026 – Sep 2026

PT. Kobin Keramik Industri (Tancorp Group) — Mojokerto, East Java *Ceramic Manufacturing · Contract*

- **Technical Support & Troubleshooting:** First point of contact; installation, configuration, and maintenance of computers (Windows/Mac/Linux), printers, and peripherals; diagnosing hardware, software, and network issues on-site and via remote desktop.
- **IT Security & Inventory:** Ensuring end-user devices have the latest security updates and active antivirus per company policy; managing IT asset inventory and software licenses.
- **User Education:** Guides and short training sessions so staff can use new devices and IT systems efficiently.

IT Helpdesk Technician L1 & L2
Sep 2021 – Jan 2026

PT. Indonesia Tri Sembilan (Alliance One International Group) — Mojokerto, East Java *Multinational Agribusiness · Contract*

- **Level 1 & 2 Support:** Responding to, documenting, and resolving hardware (PC/laptop/printer) and application incident tickets. **SLA improvement +20%.**
- **Network & Infrastructure:** Troubleshooting LAN, WLAN, and VPN; monitoring local servers, internet (ISP) stability, and daily data backups.
- **Deployment & Maintenance:** OS installation (Windows/Linux), data migration, standard company applications, and hardware upgrades (RAM/SSD).
- **Security & Asset Tracking:** Keeping firewall, antivirus, and endpoint encryption active and up to date; recording IT asset movements in the inventory system.
- **Knowledge Base:** Built Self-Help FAQ documentation that reduced common-inquiry ticket volume by **15%**.
- **Annual Infrastructure Projects:** PTP network & CCTV for new warehouse (2021); Mikrotik to Cisco Meraki migration (2022); server refresh (2023); mass Windows 10 to 11 migration (2024); CCTV refresh & network cabling replacement (2025).
